Notes to the Financial Statements

For the year ended 31 December 2015

1. Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention, in accordance with the financial reporting standards of the Financial Reporting Council and Irish statute comprising the Companies Act 2014.

1.2 Income

Represents the total value, excluding values added tax, of funding contributions received or receivable during the year. Discretionary donations are recognised as having been received when duly acknowledged by an appointed officer of the organisation.

1.3 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

At each reporting date the company assesses whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is determined which is the higher of its fair value less costs to sell and its value in use. An impairment loss is recognised where the carrying amount exceeds the recoverable amount.

The Company adds to the carrying amount of an item of fixed assets the cost of replacing part of such an item when that cost is incurred, if the replacement part is expected to provide incremental future benefits to the Company. The carrying amount of the replaced part is derecognised. Repairs and maintenance are charged to profit or loss during the period in which they are incurred.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, on a reducing balance basis.

Depreciation is provided on the following basis:

Freehold property

- 2% Straight Line basis

Motor vehicles

- 12.5% Reducing balance basis

Fixtures and fittings

- 25% Reducing balance basis

Computer equipment - 33.3% Reducing balance basis

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within 'other operating income' in the Statement of Comprehensive Income.

(A Company Limited by Guarantee)

Notes to the Financial Statements

For the year ended 31 December 2015

1. Accounting policies (continued)

1.4 Taxation

As the company is unregistered for Value Added Tax, expenditure, assets, liabilities are stated inclusive of this irrecoverable taxation where applicable. No provisions for the corporation tax is made in the financial statements, as the company is exempt from corporation tax on its surplus and chargeable gains.

1.5 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

1.6 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Statement of Cash Flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

1.7 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

1.8 Government grants

Grants are accounted under the accruals model as permitted by FRS 102. Grants relating to expenditure on tangible fixed assets are credited to the Income Statement at the same rate as the depreciation on the assets to which the grant relates. The deferred element of grants is included in creditors as deferred income.

Grants of a revenue nature are recognised in the Statement of Comprehensive Income in the same period as the related expenditure.

1.9 Finance costs

Finance costs are charged to the Statement of Comprehensive Income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

1.10 Restricted Reserves

Restricted reserves are maintained at a level which ensures that the organisation's core activity could continue during a period of unforeseen difficulty. Restricted reserves for this purpose are calculated as estimated running costs of the organisation for a period of six months. The reserves are maintained for organisational development, a key part of which includes a building purchase fund for the organisation. The amount of reserves required for this purpose are reviewed on an annual basis by the board of directors.

Notes to the Financial Statements

For the year ended 31 December 2015

1. Accounting policies (continued)

1.11 Holiday pay accrual

A liability is recognised to the extent of any unused holiday pay entitlement which is accrued at the Statement of Financial Position date and carried forward to future periods. This is measured at the undiscounted salary cost of the future holiday entitlement so accrued at the Statement of Financial Position date.

2. Going Concern

The financial statements have been approved on the going concern basis, which assumes that The Irish Environmental Conservation Organisation for Youth- Unesco Clubs- Limited will continue in operational existence for the foreseeable future.
